For Those Who Missed Our Chapter Meeting

By Benjamin Gan, CTM (written a day after the meeting)

Last night saw one of the biggest turn-outs at our Club, with over 30 members and guests. We had a contingent from Walton Toastmasters Club and Tampines Regional Library Toastmasters Club. We also had several first-timers to Toastmasters.

It was an evening of conviviality. Cheerful and up-beat Tean was the Toastmaster of the Evening while Flora, our Language Evaluator, challenged us to use the three words of the day, "Passion, Passe and Impasse".

Our intrepid President, Rebecca kicked off the evening by introducing the Executive Committee and also shared the values of Brilliant Advanced, which she aptly coined TEAM, for transparency, expectation, achievement and move. It was an inspiring opening, and one we could invoke, on days when we are down.

The best speaker for the evening was none other than our mentor Richard Sng who spoke on Philology, the study of words and the way words and languages develop. The best evaluator was James Leong who did a marvelous job evaluating Seh Leng who spoke on the importance of laziness. The surprise of the evening was Cynthia, a first-timer to Toastmasters; she won the best table topics speaker.

For those who missed all the fun last night, please join us on 4 Sept. See you then !
